When it was published in 1995, Mary Karr's *The Liars Club* took the world by storm and raised the art of the memoir to an entirely new level, as well as bringing about a dramatic revival of the form. Karr's comic childhood in an east Texas oil town brings us characters as darkly hilarious as any of J. D. Salinger's—a hard-drinking daddy, a sister who can talk down the sheriff at twelve, and an oft-married mother whose accumulated secrets threaten to destroy them all. Now with a new introduction that discusses her memoir's impact on her family, this unsentimental and profoundly moving account of an apocalyptic childhood is as "funny, lively, and un-put-downable" (USA Today) today as it ever was.
